

COVID-19 CORONAVIRUS

How to protect yourself and others

March 2020

What is COVID-19?

COVID-19 is a new illness that can affect your lungs and airways. It's caused by a virus called coronavirus. There are simple steps you can take to protect you and your family/whānau.

Symptoms of COVID-19

The symptoms of COVID-19 are:

- a cough
- a high temperature (at least 38°C)
- shortness of breath.

These symptoms do not necessarily mean you have COVID-19. The symptoms are similar to other illnesses that are much more common, such as cold and flu. However, infections with mild symptoms such as cold-like symptoms or no symptoms are likely, but it's not known how common this is.

How to protect yourself and others

- Cough or sneeze into your elbow or by covering your mouth and nose with tissues.
- Put used tissues in the bin or a bag immediately.
- Wash your hands with soap and water often.
- Try to avoid close contact with people who are unwell.
- Don't touch your eyes, nose or mouth if your hands are not clean.
- Clean and disinfect frequently touched surfaces and objects, such as doorknobs.
- Stay home if you feel unwell and call Healthline on 0800 358 5453.

Call Healthline 24/7 on 0800 358 5453 if you need to speak to someone.
