Coronavirus (COVID-19) Update

The government has announced that New Zealand is now at level 3 of the Covid-19 alert system, moving to level 4 in 48 hours. The Prime Minister has stated that food supply chains will be deemed essential services.

We are currently working with urgency with other horticulture colleagues to get clarity from government on what this means in practice.

Once we know more we will let you know as soon as we can, we will be continuing to update our website and will send out communications as information comes to hand.

Regards

Alan Pollard
Chief Executive
